# Invitation

We invite you to join us at the 23<sup>rd</sup> North American Catalysis Society Meeting to be held from June 2-7, 2013 in Louisville, Kentucky at the historic Galt House Hotel. This biennial meeting is widely recognized as the premier topical conference for matters related to heterogeneous catalysis, while also including broad coverage of homogeneous catalysis, electrocatalysis, and photocatalysis.

Technological challenges, breakthrough discoveries and state-of-the-art academic and industrial research will be featured. The opening reception of the 23<sup>rd</sup> NAM will take place at Churchill Downs, home of the Kentucky Derby.
